Re: Downtown Residents' Association Support for WUCC's Proposal to Develop a Cycling Master Plan

The Downtown Residents' Association (DRA) would like to indicate our support for the Whitehorse Urban Cycling Coalition's proposal to partner with the City to develop a cycling master plan. We feel that this proposal is particularly timely as it will help inform the development of the new Downtown Plan. Furthermore, consultation with our membership has indicated that ability to walk and cycle to destinations is a key priority for our neighborhood.

DRA believes this is a good initiative and opportunity that the City should pursue to help build a better community. If there is any further assistance DRA can provide, please contact us.

Sincerely,

A handwritten signature in blue ink, appearing to read 'NPM', is positioned above the typed name of the sender.
