**Re: Hillcrest Community Association Support for WUCC's Proposal to Develop a Cycling Master Plan**

The Hillcrest Community Association (HCA) would like to indicate our support for the Whitehorse Urban Cycling Coalition's proposal to partner with the City to develop a cycling master plan. We feel that this proposal will help further connect our community to the downtown core and other areas of the city for active transportation. Many Hillcrest residents appreciate the growing connectivity of our community via new and improving trails.

HCA believes this is a good initiative and opportunity that the City should pursue to help build a better community. If there is any further assistance HCA can provide, please contact us.

Sincerely,

A handwritten signature in black ink, appearing to read 'SSA', followed by a long horizontal line extending to the right.

Shaunagh Stikeman  
President  
Hillcrest Community Association
