

**Whitehorse Urban Cycling Coalition:  
2018 Candidate Questions - Whitehorse Municipal Election**

<b>Candidate: Cory Adams</b>	
1. Given that a substantive portion of Whitehorse's population does not have the privilege to operate a private automobile, what are your suggestions to address the transportation inequity of our community's built environment?	As an employer who has 3 employees dependant on the transit system I see the problems first hand. Some suggestions I ask for would be for weekend service Sunday's of course and going to smaller busses for cheaper operating cost.
2. More Whitehorse residents are choosing cycling as a year-round transportation option. What are your thoughts regarding prioritizing winter maintenance for vulnerable road users?	This is one of my platforms I'm for better winter maintenance not just the roads but sidewalks as well. As a lot of cyclist are using the roads in winter this is a safety concern for all motorist, cyclist and pedestrians, I believe this needs to be address asap.
3. If elected, what would you do to expedite the implementation of Whitehorse's new Bicycle Network Plan?	
4. What are your thoughts on using the Parking Reserve Fund to improve Active Transportation considering that almost every bike used to commute to work frees up a parking space for someone else?	Parking has been a problem for many years in Whitehorse and it seems no one has any clue how to fix it so if by taking some of the reserve fund and made public transportation more reliable I would be open to the idea of using the fund.

5. <i>On the lighter side: have you ever...</i>	
• Commuted to work / school / for errands on a bike?	yes
• Ridden a fatbike?	no
• Ridden with a young child?	yes
• Ridden an electric bike? or	yes
• Ridden a unicycle?	Tried and failed
